CLOTHING

Hanging & Tagging Clothing

All clothing should be hung (besides onesies & sleepers up to 24 months, which can be bagged in a ziploc. We recommended hanging though!)

Hanger should look like a "?"

Tag should be attached in the upper left corner, or the manufacturer's tag if using a tagging gun

Tagging Gun

If you use a tagging gun to attach JBF tags, only puncture the manufacturer's tag or an inside seam (at the neckline or left armpit) so that you do not damage the fabric.

CLOTHING & ACCESSORIES

Creating Outfits & Bundles

It's okay to bundle items into sets.

All items on a hanger must be the same size

Hang one item on the hanger, then secure pieces to hanger using safety pins.

Bundling in Bags

Multiple onesies—that are all the same size & **stain-free!**—can be folded neatly and placed in a bag. Tape bag closed and securely tape the tag to the outside.

Same with **socks & accessories** like hairbows & infant mittens. Lay items flat & squeeze the air out of the bag. Tape closed. Attach tag securely.
Bigger accessories like a baseball cap do not need to be bagged. Just attach the tag with a safety pin or tagging gun!

SHOES

Shoes

Shoes should be in like-new condition with no scrapes, worn toes, dirt or scuff.

Attach shoes together securely with a zip tie or curling ribbon.
